Those who shout about plagiarism ... For example, I have been much nicer to the Persians with your favorite games, Chemi any left devis. I'd hardly started to play, if I had a girlfriend. And about the heroes charge, then plagiarists kakraz Chardjui and the other day will be a trial. The fact that there is Russian for someone maybe less, but the school is popravil. A graph there is clearly more pleasant. When I heard about the court, all confused and thinking that plagiarists Allstar, set Chardjui. So the graph there after Allstar unpleasant, had come back hoping not to sue. But it turned out that all naoborots rights. In Chardjui will have big problems, because they are not only stolen the idea and decompiled kernel. Although it is Chinese, they have there own laws. Something I raspizdelsya. And one more thing. We Okapi Aalstar opens new serfs, while Chardjui you a very long time to suck in pvp with minimal chance to catch the leaders [Hide original review](#)

[Original review](#)

Те кто кричит про плагиат... Мне, например, намного приятнее чтоб были персы с любимой игры, чем какие-то левые черти. Врядли я б начал играть, если б было подругому. А по поводу heroes charge, то плагиаторы какраз чарджи и на днях будет разбирательство в суде. То что нет русского для кого-то может и минус, но школа все поправит. А графа тут явно приятнее. Я когда услышал про суд, все перепутал и думая что плагиаторы аллстары, установил чарджей. Так вот графа там после аллстаров неприятна, пришлось вернуться надеясь что не засудят. А оказалось все наоборот: правами то. У чарджей будут большие проблемы, т.к. они не только сперли идею но и декомпилировали ядро. Хотя это китайцы, у них там свои законы. Что-то я распизделся. А еще одно. У алстаров открываются новые сервы, а у чарджей вы будете очень долго сосать в пзп с минимальными шансами догнать лидеров

3. え？？

★★★★☆ もうちょっとかわいいと - 2015年3月19日

ダメでしょ？？

ヒーローズチャージの完全パクリじゃん！！

なにこれ？？ www

What?

Can you do this?

Completely copied HC!!!

What is this?? hahaha

8. まるパクリ過ぎて評価しようが無い

★★★★☆ かんている - 2015年3月19日

見た目アレ？とは思ったがヒーローズチャージのまるパクリ
余りに同じ過ぎて引くわ

I can't review this because this is completely a copycat.

When I saw this, I was thinking, "what? completed copied from HC"

The copying is just too close

9. アースラ

★★★★☆ ゆーいちろふ - 2015年3月19日

清々しいまでにヒーローズチャージの完全パクリでわろたわww

completed copied from HC. makes me laugh, hahaha

10. ただの劣化パクリ

★★★★☆ たかムター - 2015年3月19日

ヒーローズチャージの続編かと思ったら、酷いパクリゲーだな

中国のアプリか？ これ
恥もクソもないな

I thought it was a sequel of HC. It turned out to be a complete clone.

Is this APP from China? Shameless

15. 新ジャンル到来て^ ^

★★★★☆ Suq'Ata Lancer - 2015年3月20日

内容がヒーローズチャージのパクリなのは兎も角、キャラもそのまんまじゃねーかw
ちよつとは変えろよな
声当ててる声優陣を軽蔑するわ

The content is completely copied from HC, even the characters are almost identical
just minor modifications

This almost made me look down upon the people who dubbed this game

18. え?

★★★★☆ 🍷 🍷 🍷 🍷 - 2015年3月20日

これヒーローズチャージのパクリだよね・・・?????

What? This game copied HC???

22. パクリの癖に...

★★★★☆ ぶよ24569873 - 2015年3月22日

ヒーローズのパクリでしかない.....んでヒーローズの方が月額が300円に対してこっちは...500円人それぞれで
すが...課金してしても意味ない...

ヒーローズの方が宝箱のドロップ率もとてもいい...

This is a complete copycat of HC... A monthly plan for HC takes 300 yen, but for this game you
need to pay 500 yen... the money is paid for nothing ...

You also have better chances getting gifts in HC

First time I saw the webpage of Soul Clash - isn't that HC (laugh).

りちえ(お)・Liceo @Riche_wow · Mar 17

"8000万DL突破の『**Soul Clash**』が日本上陸 | インサイド" s.inside-games.jp/article/2015/0...
